Dealing with calls

Answering an Incoming Call

Lift the handset or press the speaker key.

To answer a call on another extension us the PICKUP soft key.

If there is a call ringing on an extension that you have programmed under a Flex key, press the flashing light to answer that call and lift the handset.

Making an External Call

Lift the handset and dial a 9 for an outside line, followed by the number that you require. If you don't lift the handset you can dial a 9 to activate handsfree mode. Alternatively, select the 'Line' key that is programmed in your Flex keys.

Making an Internal Call

Lift the handset and dial the extension number or press the flex key assigned to the contact.

Rejecting a Call

Press the **DND** button when a call comes in.

Parking a call

Parking a call

To park an active external call, press **Transfer**, dial the park code (i.e. #601 for Park 1) or use the Park key if it's been programmed as a Flex key, and hang up to return to idle. To retrieve a parked call, lift the handset and dial the park code.

Camp On (Call Waiting)

When dialling an extension that is engaged, the Camp On feature allows the station to be notified that there is a call waiting. Press * to wait off-hook or Message to request a call back.

Transferring a call

Transferring a Call

During an active call, press either the **Transfer** button or the **TRANS** soft key. Dial the extension number, external number or press the programmed flex key. Either speak to the recipient to announce the call, or simply hang up to complete the call transfer.

Returning to Caller from a Transfer

Press the Green flashing flex key or the **Transfer** button.
